

Planning for our future

CGI of proposed school entrance

Bowmer + Kirkland (B+K) has been selected by the Department for Education (DfE) as the main contractor on plans to regenerate Greenshaw High School.

The current layout and building stock at Greenshaw are inefficient and energy intensive. The DfE has tasked B+K with planning for the future of Greenshaw High School; to better accommodate pupils and staff, reduce costs, increase useable external space and provide improved facilities for the local community to share.

The project team has been working closely with the school and officers at Sutton Council in preparation of the plans and would like to invite local people to a public exhibition and to share your views.

KEEP INFORMED
